

THE RESORT AT PELICAN HILL

Located just a short drive south of Los Angeles, in Newport Beach, Pelican Hill is a world-class resort destination. When arriving on the property you will feel as if you traveled across the world to the Mediterranean. The 504-acre resort, which opened in 2008, is very elegantly laid out with a distinctly open, comfortable, yet classy feel. The centerpiece of the resort is the one-of-a-kind Coliseum pool. It is the largest circular pool in the world, which is surrounded with 18 of the most impressive poolside cabanas that you will find anywhere. There are 332 guest rooms, which include the amazing two-, three-, and even four-bedroom villas that all come with the finest amenities as well as ocean-view terraces.

With 36 spectacular holes designed by Tom Fazio, a luxurious clubhouse, excellent practice facility with PGA teaching professionals, a signature restaurant, and a dramatic layout with a breathtaking seaside backdrop, Pelican Hill Golf Club is one of the nation's premier golf clubs. Fazio used the 400 picturesque acres of natural terrain on the coastal environment to design the esteemed Ocean South and Ocean North golf courses. The Ocean North Course features panoramic views from every hole, while the Ocean South Course takes you closest to the sea, with three holes directly on the coast. With ocean views from every hole on the course, you will sometimes find it hard to concentrate on your golf game, but at just less than 7,000 yards with many holes coming right up to the cliff's edges, you must bring your "A" game if you want to post a

respectable score. The South Course is not as much of a test of your golf game, at under 6,600 yards from the tips, but the beauty of the course as it winds right down to the ocean's edge might distract you from the task at hand. Take a moment to enjoy the beautiful coastline view before playing the par 3, 13th hole. Although it is a short 131-yard hole, the green is well protected with deep green-side bunkers and generally experiences a strong ocean breeze, creating a tough little short hole. Complete with a world-class spa, two award-winning 18-hole championship golf courses, phenomenal dining options, a fitness center, and private beach access, there are many great reasons why Pelican Hill has received the "#1 Resort in The United States" ranking by the readers of leading luxury travel magazine *Condé Nast Traveler*.
