

THE RESORT AT PELICAN HILL

Southern California Casual Elegance at its Best

The Resort at Pelican Hill and The Spa at Pelican Hill have both earned the highest rating of Five Stars in the 59th annual Forbes Travel Guide Star Award and for good reason.

Nestled on 504 acres of unrivaled coastal beauty, Pelican Hill features 128 private Villas with magnificent ocean views and 204 luxuriously appointed Bungalow Guest Rooms and Suites with private terraces; a rejuvenating Five-Star spa; and world-class restaurants, including Andrea serving authentic Northern Italian cuisine in one of Newport Beach's most beautiful ocean-view dining rooms.

The centerpiece of the resort is the iconic Coliseum Pool that was designed with more than one million glass mosaic tiles, laid by hand to form the pool's perfect circle, 136 feet in diameter. The most intimate way to experience this luxurious oasis is in the private luxury cabanas offering stunning ocean and golf course vistas and featuring flat-

screen TVs, Bose audio systems, chaise lounges, dining tables with chairs, mini bars, and friendly service from the Coliseum Pool & Grill in a casual pool-side setting.

Adjacent to thousands of acres of permanently preserved land that makes up the Irvine Ranch Land Preserve is the Pelican Hill Golf Club that boasts 36 dramatic holes by Tom Fazio, nearly all with spectacular ocean views; a luxurious 44,000-square-foot clubhouse; the Pelican Grill and Lounge; a golf shop, the hill-top Golf Academy, and a full-service practice facility featuring an expansive driving range with breathtaking coastal panoramas.

Exclusively available for new bookings made up to 30 days in advance, Pelican Hill offers a wide array of fun, family-friendly packages, including:
